TALON

"To complain of the age we live in, to murmur at the present possessors of power, to lament the past, to conceive extravagant hopes of the future are the common dispositions of the greatest part of mankind."

Throughout four years of development at Ferndale High School, a student exists in a world of anxiety, sometimes fear, and often an inkling of love. His disposition consists of complaining about his world, wondering about his leaders, regretting some past action, and creating all his plans for the future in one hour. He finds himself in a high school environment which shapes his interests, hopes, and personality for the future as well as today. This Talon, then, is a history of that environment for the year 1965-1966. It includes the last chapter of the mature senior's high school life and the first chapter of the freshman's existence at F.H.S. It is dedicated to you, the student, that you may look back at it and see your high school life as it was.

"I am a part of all I have met."

Ferndale High School has become part of everyone. We will never forget the good times we had here, or the heartbreak we felt at times. The state basketball championship we won is now in the past, but it is still part of us, and always will be. All the fun we had, making floats for homecoming, putting up decorations for Prom or Sadie, or hoping for a date with that special someone, will not be forgotten, for it too is a part of us.

For the underclassmen, there are still years remaining to become part of. For the graduating seniors, all that will be left is a memory of the four years spent at Ferndale High School . . .

They
know
what
it's like

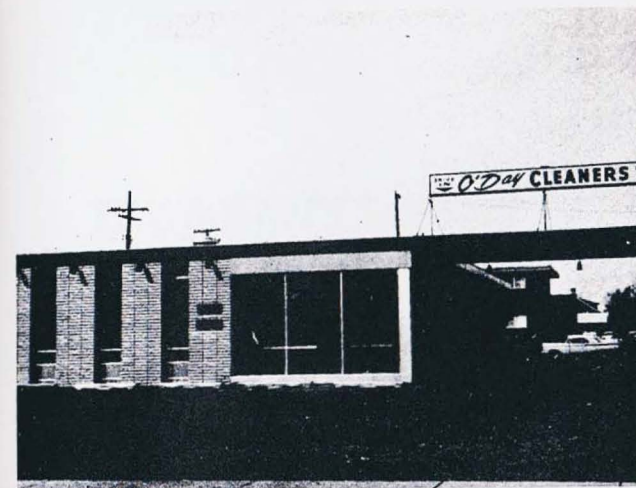

The many young people at Michigan Bell join in congratulating the members of the graduating class. They know what it's like to work hard for a diploma, and get one.

They know, too, what it's like to want a rewarding job with a future, and *find* one. If you think you might like to join them, either now or after college, do stop by to see us. We'll be happy to discuss the wide variety of career opportunities in the exciting field of telephone communications.

Dear Student Body of Ferndale High School:

The time has finally come. The past four years of high school are behind us now. We are on our way into the future.

One finds it very hard to express to you the feelings we've felt these past few years. How can you describe to someone else the ecstasy in winning 2 state champion crowns, in four years, three football titles, four basketball titles, selling the most candy of any Junior class, producing a successful Prom and Ball, and achieving a Senior Trip!! There are just not enough words!!!

The day has finally come where we will no longer be a part of the student body of Ferndale High. No more will we be able to roam the halls and visit teachers without a guest pass, walk down the halls with that special someone, gather in the Commons before or after school, eat with five at a table in the Cafe., work on the Homecoming floats, or rush into an Honor Society meeting 10 minutes late. Never again will we be able to feel the excitement in preparing for that important football or basketball game, or feel the tensions of Class Elections. Nor will we be able to feel the anxiety and excitement that goes along with Sadie Hawkins and Prom.

Many of us will long to return to Ferndale High and to be a part of the Student Body again but this will never be. We know we will always be a part of Ferndale High in spirit but we will never belong again.

Underclassmen, when your graduation day comes you'll realize just what Ferndale High means to you. You will find that you have spent the best four years of your life at Ferndale. For many Seniors the realization of this is hard to face. But the future beckons.....

So, Farewell Ferndale and Hello Future.

Best of luck to you, Underclassmen, and may your years at Ferndale be as great as ours were.

BLOSDALE

PERSONNEL

Blosdale Personnel, Detroit's most dependable name in employment and career counseling, is noted for its success because of their attention to the needs and desires of the individual. Our counselors are trained by Mr. Blosdale who holds degrees from University of Western Michigan, has previously been a teacher in secondary education and has spent ten years in industrial personnel with General Motors and The Bendix Corporation.

Detroit industry has gained so much confidence in our work that the majority of our companies are paying all fees, no cost to you, and in many instances are paying tuition and books for you to continue your education while on the job.
